Note: In 2023 the average dues+contribution was \$143, but every \$1 helps!

## Your 2024 LBTA Newsletter

### A Letter from your President

What a winter season we have had! I am sure like most of you that are in Minnesota it has been less than normal! Having had temperatures in the 40's and 50's has been wonderful, but it has been less than optimal for some of our businesses that count on the snow and cold temperatures. Meanwhile, we are hoping for an early spring!

Your Belle Taine directors have been busy in preparation for a fun and sunny summer. They have contracted for AIS Inspectors on Belle Taine and Shallow Lake and also to have a lake analysis done mid-summer as a starting point to spot any AIS as it develops. There will be no disruptions to anyone while boating or fishing or just enjoying the lake.

I encourage all of you to check into our Muskie Membership. It's a wonderful chance for discounts at many of our local businesses. I think we are all in agreement that we want to support them and all that they do to support our lake.

A reminder to us all, that the LBTA's mission is to protect and enhance Lake Belle Taine and the Lake Belle Taine watershed of the larger Crow Wing Watershed in which it's located. This will be accomplished through educational programs regarding AIS and water pollutants for property owners and people using the lake, programs monitoring watercraft entering the lake and programs monitoring the lake's water quality. By each of us acting together, this resource will be protected and enhanced for current and future generations.

I would like to give a shout out to all our directors for giving their time and talents to make our lake association so very helpful to all of you. If you would like more information or have questions, please contact any of us. It is our goal to keep Lake Belle Taine as pristine and beautiful as possible. We appreciate your help as it takes all of us to achieve that goal.

We look forward to you and your families having a wonderful time on this beautiful lake that we share. I look forward to seeing as many of you as possible at our annual meeting in June.

Safe Travels,

Safe Travels,

Swangelf
